## PROFILE

I am actively seeking a deckhand or Deck/Eng position aboard a superyacht, driven by a strong desire to grow my career at sea. I bring a hands-on, adaptable work ethic, supported by a diverse range of practical experience—from engineering and deck work, farm work and bartending to luxury car detailing, gardening, and basic automotive maintenance. These skills have been developed across varied roles and environments, always with a focus on reliability, precision, and high standards.

I am a fast learner, calm under pressure, and comfortable working both independently and within teams—whether it is a close-knit crew of 5 or a dynamic group of 15.

I have experience working directly with international VIP clients, and I am confident operating and maneuvering tenders, jet skis, and motor yachts up to 40ft. I am proficient with ropes and lines, teak care, stainless steel polishing, basic engine maintenance, detailing, and general deck duties.

Open to both seasonal and permanent roles (with a preference for charter yachts), I am eager to contribute to the team, gain hands-on experience, and develop the skills needed to thrive in the yachting industry.

## HOBBIES & INTEREST

I live a very active lifestyle and a strong passion for fitness—weight training is part of my daily routine, and I enjoy running, especially when traveling and without access to a gym. I am drawn to water sports and have experience with jet skis, kayaking, paddle boarding and water skiing which I'd love to pursue more regularly.

In the colder months, I enjoy skiing, snowboarding, and mountaineering. Being outdoors, especially in nature and the countryside, is something I really enjoy.

I also have a keen interest in luxury watches and high-performance sports and supercars.

To Whom it may Concern,

This is to confirm that Emilio Penasse attended the Superyacht Deckhand course at Flying Fish from the 12th to the 25th of May.

Throughout the duration of the course, Emilio was consistently well-presented, professional, and demonstrated a strong work ethic. He stood out as a natural group leader, taking initiative and guiding his peers with confidence and clarity. His leadership qualities were matched by excellent communication skills, which he applied effectively both in group settings and during practical exercises.

Emilio's positive attitude, willingness to learn, and ability to work well as part of a team made a strong impression on our instructors. We believe he has the qualities and foundation to excel in the superyacht industry.

We wish him all the best in his future career and would be happy to provide further information if required.

Kind Regards,

George Jenks
